Haikal Yusuf Azzam is an Internet Engineering student currently enrolled in the third year, majoring Internet Engineering Technology at Universitas Gadjah Mada. I have strong interest in information technology, especially in programming, physical and cloud infrastructure, network, security, and AI-driven solutions. I have completed training programs with institutions such as Cisco, AWS, Digitalent, Dicoding, Samsung Innovation Campus, Skilvul, and Oracle.

EXPERIENCE

UNIVERSITAS GADJAH MADA

Yogyakarta

Laboratory Assistant Basic Programming Python

Aug 2024 - Dec 2024 | Aug 2025 - Dec 2025

- Support instructors in running Python programming lab sessions for students,
- Help with grading assignments, projects Python, providing constructive feedback to improve students' understanding and skills.
- Develop practice exercises that align with the Python programming curriculum.
- Observe students' work, offer guidance, and provide feedback on assignments or in-class exercises related to Python programming.

Laboratory Assistant Object Oriented Programming

Feb 2025 – Jun 2025

- Mentored students in applying Object-Oriented Programming (OOP) principles, providing hands-on guidance on concepts like Encapsulation, Inheritance, and Polymorphism using Python.
- Co-designed practical programming assignments focused on OOP, challenging students to model real-world systems that implement OOP.
- Evaluated student code to OOP principles and providing feedback.

KAMISANDI DINAS KOMUNIKASI DAN INFORMATIKA DIY

Yogyakarta

CSIRT Intern (Security Development)

Dec 2024 – Feb 2025

- Developing an API to assess password security levels in a login system.
- Developing an API for web header scanning and security assessment.
- Creating materials and conducting lab experiments for penetration testing in a sharing session with employees and other interns.

VOLUNTEER EXPERIENCE

OPENINFRA DAYS INDONESIA 2025

Yogyakarta

Master of Ceremonies & Technical Division

Apr 2025 – Jul 2025

- Hosted and facilitated the OID 2025 event, ensuring a seamless flow of the program for an audience of 400+ attendees.
- Collaborated with event organizers to adjust the script and schedule in real-time during unforeseen changes
- Coordinated with the logistics team to ensure all technical requirements for speakers and performers were met.

AI-VOLUTION (SUPPORTED BY THE U.S. EMBASSY JAKARTA & BIJI-BIJI INITIATIVE)

Yogyakarta

AI-volution AI Ambassador

Jun 2025 – Sep 2025

- Developed strategies to share AI knowledge, foster collaboration, and build sustainable, inclusive AI communities.
- Cultivated leadership skills by understanding the importance of AI for social good and taking actionable steps to advocate for responsible AI use in communities.
- Learned effective use of digital platforms for community engagement and online collaboration within the AI ecosystem.

LEADERSHIP & ACTIVITIES

UNIT PENALARAN ILMIAH INTERDISIPLINER (UPII)

Yogyakarta

Staff Media & Journalism

Feb 2024 – Present

- Designed and implemented digital content
- Documented the organization's activities through photos and videos.

Head of Technical division (BSO PALAPA)

- Check the completeness and accuracy of the content of each page.

FORKOM TRI

Yogyakarta

Head of Strategic Research and Advocacy

May 2025 – Present

- Lead and supervise in identifying key academic challenges faced by students.
- Offered solutions and suggestions to address student problems, based on research.
- Mediated discussions between students and prodi to resolve issues collaboratively.

Staff of Strategic Research and Advocacy

Feb 2024 – May 2025

- Researched key challenges students faced in their academic life.
- Offered solutions and suggestions to address student problems, based on research.
- Mediated discussions between students and prodi to resolve issues collaboratively.

EDUCATION

UNIVERSITAS GADJAH MADA

Jul 2023 - Jul 2027 (Expected)

Internet Engineering Technology

- Computer Programming & Object-Oriented Programming, Artificial Intelligence, Database Systems & Practicum, Engineering Mathematics Mathematical Logic, Probability and Statistics, Network Design, Network Administration and Management, Computer Networks I & II, Broadband Networks, Wireless Technology, Fiber Optic Communication Systems, Telecommunication Engineering, Server Technology, Network Operating Systems, Information Security I & II, Information Security Practicum I & II, IoT Design and Applications, IoT Practicum, Embedded Systems.

SKILLS

Technical: Programming (Python, Bash Scripting), Infrastructure (Linux Ubuntu, OpenStack, Docker), Networking & Security, IoT, Web Development (Basic).

Soft Skills: Problem Solving, Analytical Thinking, Event Management, Research & Documentation, Adaptability.

Languages: English & Indonesia (Native).

Certifications & Training:

- Generative AI for Educators with Gemini Certificate (Google, 2025)
- Microsoft Certified: Azure AI Fundamentals (Microsoft, 2025)
- CCNA: Enterprise Networking, Security, and Automation (Cisco, 2025)
- CyberOps Associate (Cisco, 2025)
- Data Storage (Huawei, 2025)
- AWS Academy Graduate - Cloud Architecting (Amazon Web Services, 2024)
- AWS Academy Graduate - Cloud Foundations (Amazon Web Services, 2024)
- CCNA: Switching, Routing, and Wireless Essentials (Cisco, 2024)
- Career Essentials in Generative AI (Microsoft & LinkedIn, 2024)
- Data Analytics Essentials (Cisco Networking Academy, 2024)
- Belajar Pemrograman Prosedural dengan Python (Dicoding Indonesia, 2024)
- Introduction to Data Science (Cisco, 2023)
- Operating System Basics (Cisco, 2023)
- Cyber Threat Management (Cisco, 2023)
- Belajar Dasar Manajemen Proyek (Dicoding Indonesia, 2023)
- Graphic Design Cluster - KKKNI Level II (BNSP, 2021)
- Audio Video Processing Cluster - KKKNI Level II (BNSP, 2020)
